

# Order form

AUGUST 2019

**THE BALANCE MAT** is a breakthrough in balance measurement that enables aged care, healthcare and fitness service providers to obtain an objective measurement of their clients' balance. There are two types of Balance Mat: the Unimetric (single standing position) model and the Multimetric (multiple standing positions) model. The Unimetric model comes in two sizes: the standard size for in-house use and a smaller portable model for at-home visits. You can **lease** a Balance Mat using this form plus the payment form we will send you once your order has been received. Alternatively, you can **buy** a Balance Mat using this form or the 'Buy' button at [www.balancemat.com.au](http://www.balancemat.com.au). You can expect to receive a Balance Mat within three weeks of payment. We will send you a 'paid' invoice for your records.
